Želetavská St. – restricted speed zone. Who has the right of way?

Do you cross Želetavská St. walking to work and cars won't stop for you? Conversely, do you drive down this street in your car and have to dodge crossing pedestrians? Who actually has the right of way?

Before changes were made to Želetavská St., we could see pedestrians breaking the law by crossing at unmarked places on a daily basis. As part of the revitalization, we therefore decided to allow freer movement of pedestrians here. In order to ensure the safe coexistence of pedestrians and drivers, we reduced the speed limit to 30 km/h and also differentiated prominent parts of the road both in terms of height and optically by changing the material.

Cars still have the right of way in the 30 km/h zone, but mutual respect between drivers and pedestrians is encouraged. Neither construction modifications to the road nor changes to traffic signs have released pedestrians and drivers from the obligation to avoid endangering themselves or other road users.

Short-term parking spaces have been reserved for couriers in Želetavská St. If the spaces are occupied, couriers or suppliers can use public parking, which is free for the first 15 minutes.

Dance lesson at Brumlovka

WHEN: Wednesday, October 20, from 7:00 pm, dance floor from 8:00 pm

WHERE: Sommellerie, Filadelfie building, Želetavská 1525/1

Did you enjoy the summer dance lessons we organized on the Brumlovka Square? Now that the weather has cooled, there's no reason to stop, we are moving into the dry and warm retail arcade of the Filadelfie building. We are delighted that Lenka Nora Návorková will continue as our teacher, and we also look forward to watching her compete on the arm of Mirai Navrátil on Stardance, which will begin airing on Czech Television in October.

This month we will learn the Cuban MAMBO, a very simple Latin American dance that shares a lot in common with the cha-cha, rumba and salsa. So leave your shyness and fears at home – Lenka will have you dancing in no time. And if the hour-long lesson seems too short, stick around and dance until 10 pm. You can improvise or practice what you learned in the lesson.

Looking to get rid of unfavourable loans?

Refinance!

If your household is one of those with multiple loans, they probably have various payment amounts, interest rates, maturities, and payment dates. It is highly probable that some of these loans are unfavorable for you and that they pointlessly burden your family budget. One solution is the consolidation of all your loans into one single loan.

Consolidation will help you:

- pay just one loan
- each month you will have only one payment on a specific day
- your payment is lower than the sum of all your current loans
- you won't have to pay fees on each loan separately
- the overall costs of loan payment are reduced, which means a lower burden on your family budget

The experts at OK POINT Brumlovka will assist you with consolidation of your loans. Call 242 486 328 to arrange a meeting, either online or in-person while respecting all current hygiene rules. OK POINT is open for you at the following times:

- Monday: 8:30 am – 6:00 pm
- Tuesday, Thursday: 9:00 am – 5:00 pm
